s o l u t i o n s

W-2's

*Wouldn't it be great to access, and
reprint W-2's on demand? Absolutely!*

Converting W-2 documents to CD-ROM or an Internet format allows you to access and retrieve records almost instantly. Furthermore, you can print them in their original formats! Sound too good to be true? It's not!

Make the impact with electronic imaging.....

- Eliminate searching for and reprinting employee tax information
- Access & print stored records, in seconds
- Eliminate the need for tape storage and back-ups
- Print stored records in their original format
- Save labor, time, *and* money
- Search by employee name, Social Security number, or full text
- All data accessible from the Internet, Intranet, *or* single CD
- Free training is available
- Increase productivity
- *and much more*

We offer an easy and user-friendly technology solution to all your W-2 and 1099 problems. Converted documents are easy to bring up in virtually all office environments, and are easily viewed, retrieved, printed, and transported to other PC-based applications.

Searches capable of combining multiple criteria to pinpoint the precise pages required are just a few of the features you can expect with our solution. Documents can be easily made accessible to simplify audits and meet government regulations.

Give us a call to learn how you can impact your business today!
