## *e.stubs*

Eliminate paper and save on storage by providing paycheck information electronically! Now all your paycheck stubs can be accessed via the web. This incredible solution is both simple and easy. Employees are provided with a link allowing them to quickly access the site where their paycheck information is maintained. Using their designated password, they can view and/or print their electronic pay stub quickly and easily. High-level security ensures that the information is safe and protected. You no longer have the expense of printing, sorting, and mailing to employees ever again.

Here are just a few features and benefits you can expect from e.stubs...
